3706 Arendell Street Morehead City, NC 28557

El's Drive In, a true Morehead City tradition, was started at this location in 1959, by founder Elvin Franks and his wife, Helen. Over 50 years later, it is still family owned by El's only son Mark, and his wife, Gail. A third generation Franks, Shelton, El's first grandson, wants to carry on the tradition and serve you with great food for many years more. As begun in 1959, all food is cooked to order and delivered to your car or our picnic tables by curbside waitresses. The food is well worth the short wait, but please allow cooking time, especially during lunches, weekends and holidays. Call in orders are welcomed and appreciated.

We are next door to Carteret General Hospital and across the street from Carteret Community College and the Crystal Coast Civic Center.
